

County Engineers Association of Ohio

Supporting Member Program

Why become a Supporting Member?

One of CEAO's greatest priorities is to encourage communication between County Engineers and related industries. We believe that these relationships stimulate positive dialogue and mutual benefits for all parties. The Supporting Membership program was designed to reach out to individuals, firms, and corporations with an interest in local, county, and state transportation systems.

Supporting Members receive many exclusive benefits including advertising opportunities, access to publications, and exhibit discounts, which increase exposure to Ohio's County Engineers. All of these benefits can be yours for a membership fee of \$350, due at the time of application, and then annually.

Supporting Member Benefits

Conferences and Trade Shows Find a Supporting Member

CEAO hosts an average of nine conferences per year. Supporting Members will be notified of upcoming events via email.

For many of our events, we are able to offer Supporting Members a discounted exhibitor registration fee.

Website Advertising Opportunities

Supporting Members have the exclusive opportunity to advertise on CEAO's website, which is an essential resource for County Engineers and a great way to reach your target audience.

Every month, a Featured Sponsor is selected, which is highlighted on the homepage and throughout the website.

This valuable tool allows County Engineers, their staffs, and other visitors to CEAO.org to search for our Supporting Members by name, location, and products and services offered.

CEAO Roster

Every year, CEAO publishes a Roster of all Ohio County Engineers including their contact information and staff listings. This invaluable publication also includes legislative directory, district maps, and a comprehensive listing of CEAO Supporting Members.

Supporting members also receive a copy of the Roster as well as the opportunity to advertise within.

Annual Events

- **March**—Ohio Stormwater Management & Drainage Conference
- **April**—Bridge Workers, Supervisors, & Engineers Conference
- **June**—Land Records Modernization Conference
- **August**—Ohio Bridge Conference
- **September**—Ohio GIS Conference
- **October**—Superintendents & Mechanics Conference
- **December**—CCAO/CEAO Annual Winter Conference

Apply for membership online at CEAO.org!

County Engineers Association of Ohio
