CEAO NAMES NEW EXECUTIVE DIRECTOR

The County Engineers Association of Ohio (CEAO) is pleased to announce Dean C. Ringle, P.E., P.S., as the new Executive Director of the Association, effective July 1, 2017.

Mr. Ringle has worked at the Franklin County Engineer's Office for more than 36 years, with the last 17 years serving as the Franklin County Engineer. During those years he has served in various capacities and on various committees for CEAO, in addition to being recognized as the 2011 County Engineer of the Year by CEAO and the 2013 National Urban County Engineer of the Year by the National Association of County Engineers.

"Dean Ringle is one of the most highly respected public officials in the Central Ohio region and he is widely respected across the state and the nation. Dean is an outstanding professional leader and we are extremely fortunate to welcome him as the Executive Director of our Association," commented Chris Bauserman, P.E., P.S., Delaware County Engineer and CEAO President.

"I look forward to continuing my work with Ohio's County Engineers in this new capacity," stated Mr. Ringle. "The professional engineering and surveying services County Engineers offer to their counties and townships are vital to the transportation needs of our communities and Ohio's economic growth for the future."

County engineers oversee for the maintenance, repair and capital improvements of county highways, roads and bridges in Ohio. County engineers are responsible for 28,970 miles of urban and rural roadways and 26,081 bridges that are vital to the combined growth and prosperity here in the state of Ohio. Since 1940, the County Engineers Association of Ohio has worked to unify its members in their goal to provide the highest quality transportation, drainage, surveying and land record keeping services.
