

Who Should Attend?

Network with your peers in the traffic operations sector while you learn about the latest innovations and legal updates in your field.

Last year's attendees stated that they would highly recommend this conference to anyone dealing with transportation at the state, county, township or city level, as well as their counterparts in the private industry.

This conference features two tracks on day one and combined sessions on day two. There are 7.5 CPD hours available to Professional Engineers at this Conference.
